PROFILE

Full-Stack Software Developer with hands-on experience building and maintaining production web applications using React, TypeScript, and Go. Transitioned from a Front-End to a Full-Stack role during a one-year internship, delivering a company-wide Learning Management System from UI to database layer. Computer Science graduate (thesis defended and revised) seeking a full-time software engineering role to build clean, scalable, and user-focused products.

EDUCATION

Bina Nusantara University, Alam Sutera **August 2022 - 2026**

Bachelor of Computer Science (Teknik Informatika) | GPA: 3.26/4.0

Thesis successfully defended and revisions completed; graduation certificate (Surat Keterangan Lulus) pending issuance.

WORK EXPERIENCE

Zegen Solusi Mandiri — Full-Stack Developer Intern (recruited as Backend Developer) **Feb 2025 - Feb 2026**

Alam Sutera, Tangerang

- Recruited as a Backend Developer and assigned full-stack ownership of the company's core Learning Management System (LMS), working across React, TypeScript, and Go (Echo framework).
- Architected a dynamic Role-Based Access Control (RBAC) system and structured multiple learning modules within a centralized platform.
- Managed database architecture and data integrity with PostgreSQL, ensuring reliable client-server communication and query performance.
- Built and maintained front-end UI components with React and TypeScript, using the Chakra UI library for responsive, consistent interfaces.
- Translated product and business logic into intuitive front-end interfaces, improving navigation and overall usability.

TECHNICAL SKILLS

Programming Languages: Python, SQL, Java, C, R, TypeScript, JavaScript, Go, HTML/CSS
Frameworks & Libraries: React.js, Echo (Go), Chakra UI
Databases & Tools: PostgreSQL, MongoDB, PgAdmin 4, Git, Figma
Languages: Fluent in English and Bahasa Indonesia
